

Business English Course

Half of MBA courses are taught in English with US lecturers.

Business English course will improve your knowledge of business English and its terminological adaptation to the content structure of the studies. It will also prepare you for the entrance exams and a successful completion of courses led by American lecturers.

- Completing the course is a prerequisite for communication with American lecturers and studying foreign literature in English.
- There are **50 hours** designed for two long weekends (Thursday to Sunday).
- The course leaders are experienced lecturers from our partner university in Poland, Torun.
- The output of the course is to **pass GMAT and TOEFL type tests + entry interview**, which also serves as an entrance exams for the MBA studies.
